

# DY-266C Wall-Mounted Speaker

## *Wall Speakers*

The DY-266C is a versatile and high-performance wall-mounted speaker from SAT. With its powerful 6.5-inch 2-way speaker system, it delivers exceptional sound clarity and wide coverage. Ideal for offices, schools, and commercial spaces, it combines durability, adjustability, and modern design to meet diverse indoor audio needs.

### **Key Features**

- 6.5-inch 2-way speaker for clear and balanced audio
- Adjustable power output (15W, 30W, 60W) for versatile use
- Wide frequency range (50Hz - 20kHz) for superior clarity
- Wall-mountable with included bracket for easy installation
- Sleek, compact design for modern indoor spaces

### **Applications**

- Conference rooms and offices
- Schools, lecture halls, and training facilities
- Retail shops and small public spaces
- Cafes, restaurants, and indoor public announcements
